

## WHY CHOOSE nGuide PROGRAM ?

**Best Preparation:** The nGuide program is the best platform for a student to build upon. Our style of preparation involves direct exposure to competitive exam formats and regular practice on them and will be the key to success in competitive examinations.

**CDF:** "Concepts, Definitions and Formulae" is the foundation for a sound learning and understanding of the fundamentals in the subjects. Narayana is the pioneer of this academic tool, thus, producing best results year after year.

**Time Management:** nGuide is planned to make best use of every minute in the school.

- Academic benchmarking of the students and staff will be done when we partner. Based on this, the team from Nspira will do a thorough analysis about how we can directly impact the performance of the school on the whole.
- The nGuide program will assist and develop wholesome learning and development of the students in a holistic manner
- The schedules are planned in a systematic manner which will constantly monitor the students' academic performance week-in & week-out.
- nGuide will act as the strongest stepping stone that a school can offer a student for their career aspirations.
- Our examination schedule is structured in a way which gives vital exposure to the actual format of the competitive examinations like NEET and JEE.

Narayana Group is one of Asia's largest educational conglomerate with about 4,00,000 students and 40,000 employees in over 600 + centres spread across 15 states. The Group consists of Schools, Junior Colleges, and Coaching Centres.

With a set of courses that cater to the needs and aspirations of the students and parents, the programs offered by Narayana is the benchmark of academic excellence. The Narayana system which has been operating for about 40 years, has realised the dreams of lakhs of students across the country. The vast research based study material formulated by experts in the various subjects along with the

exemplary teaching methodology, truly sets apart Narayana from any other education provider in India.

The efficiency of time management is clearly indicated in the meticulously planned 'Micro Schedule' which defines every hour of study. Through this, we relentlessly aim to bring out the best in every student. Perfect academic planning makes it easy for teachers to complete the syllabus for the year well ahead of time giving the students ample time for complete preparation for the examinations. Every students' progress is closely monitored throughout the academic year and refinements are made to the teaching and method of preparation to suit the individual students' ability. With such a vast network of support across the country, it is no surprise that the students of the Narayana system of Education absolutely excel in all school level examinations as well as national level examinations, and most crucially the competitive examinations like NEET and JEE that serve as the gateway to securing admissions into the most prestigious institutions in India like IIT, NIT, AIIMS, AFMC, BHU, and JIPMER.

#### MAJOR STRENGTHS

1. High Performance in NEET, JEE and several other competitive examinations.
2. Consistency in securing Top ranks in all the major examinations with a track record of dominating the Top 10 and Top 100 ranks along with highest number of selections every year.
3. Micro schedules: Meticulous planning of the study time.
4. Extensive support network to ensure consistent success.

#### nGuide Foundation Program for Class 6 - Class 10

- **Strong Foundation:** For all competitive exams like NEET, JEE Main, JEE Advanced, NTSE, Olympiads and many more.
- **Integrated Syllabus:** Designed in India by our dedicated in-house R&D team along with specially developed text books and study materials.
- **Micro-Schedules:** Map every hour of learning in School followed all over India in Narayana Schools throughout the academic year.
- **Nation wide integration and analysis of results:** Students of your school will be taken on to the Narayana system and will be competing with every other student in the system.
- **nTOP Program:** The critical element which focusses on Teacher orientation and training so they will be on par with our academicians across the country.
- **Dean Monitoring:** A dedicated Dean will be appointed to grade and improve the academic performance of the school on the whole and of the key operational functions.

#### nGuide Expert Programme for Class 11 and Class 12

- **Intensive preparation:** Extensive effort is put towards preparing for and performing extremely well in NEET / JEE entrance examinations for students.
- **Meticulously formulated Text books:** These are clear to understand, and will contain in-depth subject knowledge for complete learning.
- **Performance:** Student performance is closely monitored and training given will be amended accordingly to bring out the maximum performance for best results.
- **Narayana Faculty:** For Class 11 and Class 12 - nGuide will have an option to bring in faculty from Narayana Schools and/or a dedicated Academic Dean on board to their schools for the best possible outcome in the examinations and to monitor the smooth execution of the program.

## WHY CHOOSE nGuide PROGRAM ?

**Eliminate Threats:** With the rising number of schools and various programs offered, students might switch schools if the parents feel the school is not upto the mark. Narayana will be the perfect partner for your school and will dramatically reduce the drop outs from your school.

**Brand Power:** The brand Narayana is known all over India and is a magnet for parents who want the best results for their children. This will drive admissions for your school and improve the financial health of the school.

**Academic Performance:** nGuide will drive the students in the school to perform at the highest level therefore, driving the brand value even further.

- We are in a position to share the extensive catalogue of academic work which is throughly researched and hand- crafted, these include Text Books, Question papers with the Answer keys and performance analysis reports with online portals for study and assessment.
- This academic material while enhancing subject expertise for the students, will also strengthen the fundamental concepts and establish a strong foundation to build on.
- Nspira will customise the program offered, based on the need-gap assessment which is carried out with due-diligence by our academic team, who identify the key strengths and weaknesses of the existing curriculum at the school.
- Extensive guidance throughout the academic year for the management will ensure continued success of the partnership.
- Nspira will appoint a dedicated Dean for a designated area in the district. The key role of the Dean is to train and guide the School teachers and Principals on curriculum execution and will monitor the same. The Dean would also oversee the Parent-Teacher meetings and be a symbol of assurance that would instil confidence in the parents of the school.
- Nspira will grant the licence to use Brand Narayana (the most powerful name in Education) for advertising and marketing purposes.
